

Class Rules

1. **Smile** 😊 Learning math can be fun.
2. Come in with writing utensil (pencil), paper, spiral notebook and text each day.
3. **Smile** 😊 Learning math can be fun.
4. Be seated and be ready to learn.
5. **Smile** 😊 Learning math can be fun.
6. Grades will be taken on in-class assignments only.
7. If you are absent, you **must** come the next day for morning tutorials by 7:30 am or when the bus gets here to make up lesson. I am usually on campus at 7 o'clock.
8. **Smile** 😊 Learning math can be fun.
9. **NO throwing anything in class room:** written lines will be assigned for this infraction.

Algebra II and Pre Calculus ONLY: At certain times during the year, your child will want to borrow a graphing calculator. We must have permission from the parent to allow this to happen. The calculators cost \$100.00 a piece. When one is checked out, that person is responsible for the replacement cost. Please sign below if this is a possibility. The calculators are usually for use in the classroom only. Pre-Calculus classes will be issued one as a textbook would.

I am looking forward to teaching your child this year.

Annette Senski

Student _____

Parent Signature for calculator permission
